Donation details

I would like to donate £		to Vitreoretinal Research Group.
--------------------------	--	----------------------------------

I would like to make my donation by

Bank Transfer (with Gift Aid)		Bank Transfer (no Gift Aid)		Cheque	
-------------------------------	--	-----------------------------	--	--------	--

Make your gift worth more with Gift Aid

If you are a UK tax payer, we are able to reclaim 25p per £1 donated, at no extra cost to you.

I confirm I am a UK tax payer. I would like the University of Cambridge to treat as Gift Aid donations, this, all future and any previous donations applicable within HM Revenue and Customs time limits and regulations until I notify you otherwise*.

Signed: (only if printing off)		Date:	
-----------------------------------	--	-------	--

*Notes:

1. You can cancel the declaration at any time by notifying the University of Cambridge.
2. If in the future your circumstances change and you no longer pay tax on your income or capital gains, you can cancel your declaration (see note 1).

If you are also interested in:

- Making a regular donation,
- Leaving a legacy donation,
- Paying over the phone by credit, debit or CAF card,
- Pledging more than £100,000 or donating on behalf of a company,
- Gift as You Earn,

please contact: Natalie Eddison (nje27@medschl.cam.ac.uk) who will put you in touch with the central University donations team.

Return details:

Email return: C/O Natalie Eddison (Finance Co-Ordinator) - nje27@medschl.cam.ac.uk
Postal return: Donations - Vitreoretinal Research Group. John Van Geest Centre for Brain Repair. University of Cambridge, Forvie Site, Robinson Way, Cambridge, CB2 0PY.

We would like to occasionally send you news of our new research plans, progress with ongoing research projects and share details of fund-raising events taking place on our behalf. If you would prefer NOT to be contacted by Vitreoretinal Research Group, for these purposes only please indicate.

To view the University of Cambridge privacy and data protection policy visit: <https://www.philanthropy.cam.ac.uk/data-protection>

On behalf of the whole Vitreoretinal Research Group at the University of Cambridge Brain Repair Centre, thank you very much indeed for supporting vital research in to the causes, repair and prevention of retinal detachment. It genuinely makes a huge difference into translating laboratory research to clinical care and better outcomes for patients.

Martin
Martin Snead MA MD DO FRCS FRCOphth
